COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

HONORABLE COMMISSIONER FOR PATENTS  
P.O. BOX 1450  
ALEXANDRIA, VA 22313-1450

SIR:

The following comments are in response to the Examiner's Statement of Reasons for Allowance provided in the Notice of Allowability dated October 1, 2004.

The Examiner's Statement of Reasons for Allowance included on page 2, paragraph 4, of the Notice of Allowability states that "the closest cited prior art, JP 56-10767 cited by applicant, teaches a similar composition as the present claims, but does not teach the particular 'w' value as recited in the present claims."

Applicants respectfully submit that the Examiner's assertion of "a similar composition" is not indicative of the patentability of the allowed claims. Further, Applicants respectfully submit that the cited reference, either alone or in combination with another reference considered by the Examiner, does not teach or suggest *all features* recited in each of independent Claims 11-14, 17, 22, 24, 26, 28, and 30. Therefore, Claims 11-14 and 17-38 patentably distinguish over the cited reference, JP 56-10767.

Respectfully Submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, P.C.
